IN THE CITY

Dear friends and music lovers:

It is with a great degree of pleasure that I let you know that after a highly successful twelve years of outstanding musical performances, our thirteenth season of Nocturnes in the City is just around the corner. Our early beginnings of the Sunday performances were called Nocturnes at Masaryktown in Scarborough and later changed to Nocturnes in the City and held at St. Wenceslaus Church in downtown Toronto.

Each location has its own unique qualities. The church for its excellent acoustics and the Prague Restaurant for its atmosphere. Some subscribers preferred the downtown location while others the Scarborough location. For this reason we have made every effort to please as many of our loyal subscribers as possible by holding performances at both locations. The non-classical (Jazz) concerts will be held at the Prague Restaurant and the classical concerts at the St. Wenceslaus Church. However, what will not change is the quality of the music and the calibre of the performers. Again we will feature and present the best world-class musicians, whether they be local or internationally celebrated.

In order for us to continue, and present these outstanding talents, we need your generous support by subscribing for the full season and encouraging your friends to support these wonderful musical talents. If you would also consider making a personal donation it would be very much appreciated and go a long way to help us defray the substantial costs to bring you these masterful performers. This super value cannot be matched anywhere.

I'd like to thank all our treasured sponsors and loyal subscribers for their past support and I look forward to seeing all of you at our first concert on Sunday, September 22, 2013, 5 pm at St. Wenceslaus Church.

Sincerely,

DR. MILOS KRAJNÝ
